Benefits Overview

Making wise decisions about your benefits requires planning. By selecting benefits that provide the best care and coverage, you can optimize their value and minimize the impact to your budget. The best thing you can do is "shop" for benefits carefully, using the same type of decision-making process you use for other major purchases.

- Take advantage of the tools available to you. That includes this guide, access to plan information, provider directories, and enrollment materials.
- 2. Be a smart shopper. If you were buying a car or purchasing a home, you would do a lot of research beforehand. You should do the same for benefits because the wrong decision could be costly.
- 3. Don't miss the deadline and keep record of your enrollment! Pay attention to the enrollment deadline and be sure to enter your benefit elections in PeopleSoft in a timely manner. It is important to review your paycheck to ensure the accuracy of payroll deductions. Notify Benefits immediately if there are any discrepancies.

Who Is Eligible?

Elected, Appointed, Time-Limited and Merit employees are eligible for benefits. If you are hired to regularly work 20 or more hours per week, coverage will begin on the first day you begin working at Salt Lake County. You may also enroll your eligible dependents in the same plans you choose for yourself.

Eligible dependents include your legal spouse, your adult designee and your natural, adopted or step-child(ren). The dependent age limit for children on your medical plan is age 26, but may vary for other benefits offered. Disabled children over age 26 may be eligible for continued health coverage upon approval by the carrier.

How do I Designate an Adult Designee?

Salt Lake County offers coverage to a nonspouse or adult designee. An adult designee can be your significant other to whom you are not married or a family member with whom you share a relationship. To qualify, you and your designee must meet certain criteria which includes:

- Adult designee status for an eligible adult (a child must be over the age of 26 and not disabled) who is:
- Both unmarried and over age 18
- Proof of joint expenses

If you meet the criteria, you must complete an adult designee affidavit and supply the required financial documentation within 31 days. Affidavit found at: <u>https://slco.org/contentassets/809e38a30e434</u> <u>b13b034500a057afb3a/affidavit-of-adult-</u> designee.pdf

The IRS taxes an "imputed income" for this benefit, which will increase your taxable income for the year. The cost of including your adult designee will be added to your gross earnings and be subject to income tax.

When Do I Enroll?

You can enroll for coverage within 31 days of your date of hire, or during the annual open enrollment period. Outside of your open enrollment period, the only time you can change your coverage is within 31 days after you experience a qualifying event.

Benefits Overview

Making Changes During The Year

The IRS provides strict regulations about the changes to pre-tax elections during the plan year. Once you enroll in benefits, you will not be able to make any changes to your elections until the next annual open enrollment period, unless you experience a qualified life event.

Qualified life events include, but are not limited to:

- > Change in your legal marital status
- > Change in number of dependents
- A dependent no longer meets the eligibility requirements
- You and/or your dependent becomes eligible or loses eligibility for Medicare, Medicaid or the Children's Health Insurance Program (CHIP)
- Employee or dependents change in employment status resulting in loss or gain of eligibility for employer sponsored benefits
- > A court or administrative order

It is your responsibility to notify the Benefits Department within 30 days after a qualified life event. Any benefit changes must be directly related to the qualified life event.

When Coverage Ends

For most benefits, coverage will end on the last day of the month in which:

- Your regular work schedule is reduced to fewer than 30 hours per week
- Your employment with Salt Lake County ends

Your dependent(s) coverage ends:

- > When your coverage ends, or
- The last day of the month in which the dependent is no longer eligible

Prescription Savings

Strategies to Save

The average American spends about \$1,200 each year on prescription drugs. And with drug prices on the rise, 1 in 4 Americans are paying more today than they were a year ago. Consider the following ways to help lower your bills for pills:

- Go generic or ask your doctor or pharmacist if there's a similar drug with a generic version.
- Compare prices by using an app, like
 GoodRx, to find the least expensive option.
 Call stores and pharmacies as well.
- Order a 90-day supply and look into a mailorder program.
- Sign up for a drugstore or chain store reward program to receive coupons and accumulate points.
- > Use a preferred pharmacy in your network.

If you have prescription drug questions, talk to your pharmacist for additional cost-cutting tips and guidance.

GoodRx

Stop paying too much for your prescriptions! With the GoodRx Comparison Tool, you can compare drug prices at over 70,000 pharmacies, and discover free coupons and savings tips.

Isn't health insurance all I need?

Your health insurance provides valuable prescription and other health benefits, but a smart consumer can save much more, especially for drugs that are not covered by health insurance (weight-loss medications, some antihistamines, etc.), drugs that have limited quantities, drugs that can be found for less than your copay, or drugs with a lower priced generic.

How can I find these savings?

The GoodRx Comparison Tool provides you with instant access to current prices on more than 6,000 drugs at virtually every pharmacy in America.

- On the web: <u>https://www.goodrx.com/</u> Instantly look up current drug prices at CVS, Walgreens, Walmart, Costco, and other local pharmacies.
- On your phone: Available in the App Store or Google Play. Or, simply visit m.goodrx.com from your phone.

Please Note:

- Prescription drug pricing displayed on the GoodRx Comparison Tool may be more or less than your insurance drug card.
- Please be sure to compare all discount pricing options before you purchase.
- Check your insurance carrier's pharmacy benefit before purchasing a 90-day supply.

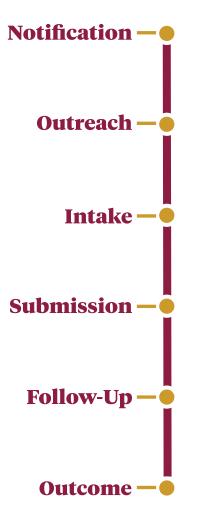

Patient Assistance Program

GBS Rx Advantage

Salt Lake County Pharmacy Savings Opportunities for Specialty Medications

GBS Rx Advantage has partnered with your employer to address the increasing costs of specialty medications. The GBS Rx Advantage team works directly with you or your loved ones to find alternative funding options to reduce or eliminate your out-of-pocket costs.

If you are taking medications that qualify for the GBS Rx Advantage Patient Assistance Program (PAP) you will receive communication from a dedicated GBS team member that will help you navigate the entire process, doing much of the heavy lifting. It is important that you engage with the GBS Rx Advantage team and provide them with the information they request.

When your prescription is submitted to your pharmacy, the pharmacy will be notified to contact GBS Rx Advantage for a potential override. GBS will provide a two-month override once your information has been received.

GBS Rx Advantage reach out to inform you of the program. After explaining, we will send an authorization form via Docusign. The authorization form must be completed in order for GBS Rx Advantage to act on your behalf for the sole purpose of prescription drug advocacy.

GBS Rx Advantage will conduct a pre-screening to determine if you will qualify for the PAP. If you do not qualify, you will be enrolled in our Canadian mail-order program.

If you qualify for the program, GBS Rx Advantage will proceed with submitting the application to the PAP. We may request additional information as requested by the PAP from you, or your health care provider. This may include financial information as most PAPs are income-based.

The application is submitted to the PAP once all information and documents have been provided. Approval can take up to 4-8 weeks. GBS Rx Advantage will contact the PAP to check on approval status. For certain programs, you may need to call in to the program directly to inquire about approval status.

If approved, you will need to stay in contact with the PAP to place orders for your medication. If denied, GBS Rx Advantage will look through the denial and submit an appeal if possible. If not, we will pursue other coverage options.

For more information regarding this program, please call GBS Rx Advantage at 801-819-7745

You can use money in your HSA to pay for any qualified health care expenses for you, your spouse and your tax dependents, even if they are not covered on your plan. Examples of qualified health care expenses include: your insurance plan deductibles, copayments, and coinsurance; doctor's office visits; prescriptions; dental treatments and x-rays; and eyeglasses and vision exams You can use money in your HSA to pay for any qualified health care expenses you, your legal spouse and your tax dependents incur, even if they are not covered on your plan. Flexible Spending Account

ASI Flex

A Flexible Spending Account (FSA) provides you the opportunity to pay for health care and dependent care expenses on a pre-tax basis. By anticipating your family's health care and dependent care costs for the next plan year, you can lower your taxable income.

How It Works

Each plan year you designate an annual election to be deposited into your health care and/or dependent care accounts. Your annual election will be divided by the number of pay periods in the plan year and deducted equally from each paycheck on a pre-tax basis. For health care expenses, you have immediate access to the total amount you elected to contribute for the plan year. With the dependent care, you have access to the amount of the current contributions in your account at the time you request reimbursement.

Things To Consider

 Be conservative when estimating your annual election amount. The IRS has a strict "use it or lose it" rule. You will forfeit any funds left in your account after the end of the plan year.

- Your 2024 contributions must be used for expenses you incur January 1, 2024-December 31, 2024.
- The health care and dependent care FSAs are two separate accounts and funds cannot be transferred between accounts.
- You cannot stop or change your FSA contribution amount during the year unless you have a qualified change in family status.
- Expenses reimbursed through an FSA cannot be used as a deduction or credit on your federal income taxes.

FSA Reimbursement Options

To receive reimbursement from your FSA, you can submit a claim online, complete a paper claim form or use your FSA debit card. It is important to save your receipts. ASI Flex may ask you to provide a copy to substantiate a claim.

	Health Care FSA	Limited Health FSA	Dependent Care FSA
Maximum Plan Year Contribution Amount	Up to \$3,300	Up to \$3,300	Up to \$5,000 (\$2,500 if married and filing separate income tax returns)
Examples of Eligible Expenses	Medical, Rx, Dental, & Vision Deductible, Coinsurance, and Copays	Dental, Vision Expenses Only	Cost of childcare for children under age 13 so you and your spouse can go to work or look for work.

Vest

VEST's services are designed to care for your mental health and wellbeing and that of your family. VEST provides services in two ways - through in-the-moment support and traditional counseling.

In-the-Moment Situational Support

VEST provides 24/7/365 support through their Care Center. The center is an anonymous and unlimited resource to provide in-the-moment support with whatever is happening in your life. Whether you need referrals for services or just someone to talk to, a Care Connector will be there offering a listening ear and tools to help you cope.

EAP Support

The second service provided by VEST is EAP Support. Whether you need short-term counseling or a financial or legal consultation, the EAP will connect you with a local provider - using your responses about preferences or needs to find the best possible fit. As with the Care Center conversations, all EAP services are confidential and free.

Additional Services

In addition to coaching and counseling, VEST provides access to a wide variety of expert courses on demand through their website, monthly webinars and other activities. Members can also sign up to receive weekly tips and wellness advice sent out by Hope, while Norm shares weekly helps for supervisors and managers.
