2300 EAST ROUNDABOUT BOUNDARY ADJUSTMENT FINAL LOCAL ENTITY PLAT

BOUNDARY LINE ADJUSTMENT BETWEEN SALT LAKE CITY & MILLCREEK A MUNICIPAL CORPORATION
LOCATED IN THE SOUTHWEST AND SOUTHEAST QUARTERS OF SECTION 22, TOWNSHIP 1 SOUTH, RANGE 1 EAST, SALT LAKE BASE AND MERIDIAN

2300 East Roundabout Boundary Line Adjustment Description

This area of Salt Lake City known as the 2300 East Roundabout located in the Southwest and Southeast Quarters of Section 22, Township 1 South, Range 1 East, Salt Lake Base and Meridian, the new boundary between Millcreek A Municipal Corporation and Salt Lake City is described as follows:
 Begun at a point in the existing Salt Lake City/Millcreek A Municipal Corporation boundary as depicted on the final local entity plat recorded in Book 213, at Page 444 in the Office of the Salt Lake County Recorder, at the Southwest corner of the property described in the Warranty Deed recorded in Book 636, at Page 686 in the Office of said Recorder, said point being located at 89°31'37" E, 2006.59 feet along the Section Line, N 07°12'27" W, 862.20 feet, and S 89°52'20" E, 20.00 feet from the Southwest corner of said Section 22, thence North along the East boundary of said property 176.61 feet, more or less to the South right of way of 720 South Street, thence North by 1/2 feet, more or less, to the Southwest corner of the property described in Warranty Deed recorded in Book 1002, at Page 222, thence Northwesterly along the Northwesterly boundary of said property 215 feet, more or less, and continue, West by along the Southwesterly right of way line of Interstate 82 325 feet, more or less, to the most Westerly point of the property described in Warranty Deed recorded in Book 1002, at Page 222, at Page 242, thence N 20°39'27" E, 122 feet, more or less, to the South line of the Calhoun and Company line of East Interstate 82 as established by the existing right of easement shown along said South line, the following line (a) one: 1 1/2, N07°48'4" W, 628 feet, more or less; 7 1/2, 05°27'34" E, 28 feet, more or less; 3) South 10 feet, more or less; 11 1/2, 71°29'38" E, 233 feet, more or less; 5) S, 07°12'27" E, 248 feet, more or less, to the intersection of said South line and the Northwesterly extension of the Westerly boundary of the property described in Warranty Deed recorded in Book 3500, at Page 52, thence Southwesterly along said extension and easterly boundary 28 feet, more or less, and continuing along the Southwesterly extension of said East boundary 28.48 feet, more or less, to said Salt Lake City/Millcreek A Municipal Corporation boundary and the point of termination.
 The above described boundary line adjustment affects 33.65 acres, more or less.

NARRATIVE:

The purpose of this Final Local Entity Plat is to provide a visual and written description for the 2300 East Roundabout Boundary Line Adjustment between Millcreek A Municipal Corporation and Salt Lake City. Furthermore, to transfer the jurisdictional authority of that area known as the 2300 East Roundabout as depicted on this plat to Millcreek A Municipal Corporation. The South line of the East and West property line of Interstate 82 was established using 2015 aerial photography. The Millcreek A Municipal Corporation Final Local Entity Plat recorded in Book 2016, at Page 544 in the Office of the Salt Lake County Recorder as well as the deeds referenced in the legal description and depicted on this plat were used to establish the new boundary. Lots within the County Club Garden Tract subdivision recorded in Book 1, at Page 1 that are located along this boundary line agreement have been modified due to highway project No. 02628 along Interstate 82. No measurements were taken in the field to prepare this Final Local Entity Plat.

Basis of Bearing:

The basis of bearing for this Final Local Entity Plat is 6° 09'43" 20" E, along the Section Line as established by the Southwest and Southeast Corners of Section 22, Township 1 South, Range 1 East, Salt Lake Base and Meridian.

1.6.1.2 Co-Permittee Accountability Requirements

Salt Lake County accepts responsibility for implementation of the following permit requirements of Jordan Valley Municipalities under UPDES Permit UTS000001, to be completed during the life of the permit and developed in detail in the municipalities Stormwater Management Plan.

1. County will prepare the Co-Permittee Identification and Accountability document identified in Part 1.5 at no direct cost to the City. The municipalities shall provide necessary information in a timely fashion to County for inclusion into document.
2. County will develop and implement a core County-wide Public Education and Outreach program identified in Part 4.2.1 as a part of the Stormwater Coalition. Individual Municipal members must identify targets, distribute, track and record progress with this program as described in Parts 4.2.1.1 through 4.2.1.7. The municipalities shall provide necessary information in a timely fashion to County for inclusion into Annual Report documents. The Public Education and Outreach program will be coordinated through the Stormwater Coalition.
3. County will develop a portion of a public involvement/participation program identified in Part 4.2.2 at no direct cost to the municipality. Individual Municipalities must prepare their own SWMP Documents, post them to their own websites and maintain their own websites. The portion of the public involvement/participation program undertaken by the County will be coordinated through the Stormwater Coalition.
4. County will compile and submit to the State the portion of the annual report identified in 5.6.1 which details activities in Parts 4.2.1 and 4.2.2. which will include the municipalities required information. The municipality shall provide necessary information for this submittal to the County in a compatible electronic format as either word processing or spreadsheet as required. Information must be provided to the County at least 45 days prior to report submission deadline. If the municipality fails to submit information to County as described, the municipality shall be liable for State sanctions and penalties.

Re: MEMORANDUM OF UNDERSTANDING

**Cooperation and Enforcement of Salt Lake County's UPDES Stormwater
discharge permit**

This Memorandum of Understanding (MOU) is entered into by and between the Salt Lake County Health Department (Health Department), Salt Lake County Public Works Department – Flood Control/ Engineering Division, Salt Lake County Public Works- Engineering and the Greater Salt Lake Municipal Services District (MSD) and together are sometimes referred to as the “PARTIES,” in the enforcement of the Salt Lake County UPDES Stormwater Discharge Permit UTS0000001.

Whereas, The Salt Lake County Health Department is organized as a County health department and exists pursuant to the Utah Code Ann. 26A-1-103 and chapter 9.04 of the Salt Lake County Code of Ordinances; and

Whereas, the Health Department is responsible for enforcing state laws, administrative rules, local ordinances, standards and regulations relating to public health, sanitation, safety and environmental quality as provided for in the Utah Local Health Department Act, Utah Code Ann. 26A-1-114; and

Whereas, pursuant to 26A-1-114(1), the Health Department may enforce state laws, local ordinances, department rules and local health department standards and regulations in all incorporated and unincorporated areas of Salt Lake County; and

Whereas, the Health Department has adopted health regulations including Regulation #1 and #13 prohibiting the discharge or release of pollutants or contaminants into storm sewers, drains, gutters or waters of the State; and

Whereas, Health Regulation #13 is also incorporated in Section 9.32.010 of the Salt Lake County Code of Ordinances; and

Whereas, Utah Code Ann, 17-8-5 provides the county legislative body may promulgate regulations to protect channels, storm sewers, and drains and may provide for the enforcement of those regulations; and

Whereas, Salt Lake County has enacted section 17.08.020 of the Salt Lake County Code of Ordinances, which provides for the safe disposal of natural storm waters and flood waters and which prohibits the interference, damage or use of any flood control, storm drainage or water quality facility without having first received written permission from the division; and

Whereas, Salt lake County has adopted 17.08.100 of the Salt Lake County Code of Ordinances which makes it unlawful for any person to place or cause to be placed in a drain, channel, reservoir, detention basin or any other flood control facility any

matter of any kind that may degrade the quality of the water without having first receiving written permission from the Engineering Division.

This section also makes it unlawful for any person to place or cause to be placed in a drain, channel, reservoir, detention basin or any other flood control facility any matter of any kind that may degrade the quality of the water without having received written permission from the Engineering Division.

Whereas, Section 1.12.010 of the Salt Lake County Code of Ordinances provides that the violation of any provisions of an ordinance constitutes a class B Misdemeanor; and

Whereas, 26A-1-120(1) of the Utah Local Health Department Act provides that the County Attorney shall prosecute criminal violations of the Public Health Laws and Rules and 26A-1-123 Unlawful Acts-- Criminal and civil liability of the Departments of Health and Environmental Quality; and

Whereas, the Parties wish to enter into this MOU to formalize the procedure for the enforcement and inspections of applicable statutes, ordinances and health regulations to protect water quality.

Now, therefore, in consideration of the following mutual promises, terms and conditions, it is agreed by the parties as follows:

1. **Parties Responsibilities of the health Department**

- 1.1 The Health Department's Environmental Health Division will assist Salt Lake County Flood Control Engineering and Public Works Engineering in the investigation of incidents involving spills, releases or discharge of pollutants, contaminants, or waste into waterways and drainage systems. The Health Department will work with the responsible party and the Flood Control Engineering/Public Works Engineering to ensure the spill or discharge is remediated as required by rule or regulation;
- 1.2 The Health Department agrees to respond to any reports from the Flood Control Engineering/Public Works Engineering regarding spills, releases or the discharge of pollutants, contaminants or waste in gutters, storm drains and flood control facilities;
- 1.3 The Health Department will also report to the Flood Control Engineering/Public Works Engineering any complaints received or violations discovered by the Health Department personnel, during routine inspections or complaints at restaurants and other establishments applicable which present a potential for a stormwater violation, discharge

or spill in accordance with the UPDES UTS0000001 Permit issued to Salt Lake County as a large MS4;

- 1.4 The Health Department will provide annual reports to the Flood Control Engineering/Public Works Engineering Divisions that includes the status of the complaints and actions taken in the response to complaints in the Unincorporated County and municipalities served by the MSD, to resolve and finalize by documentation cases for the UPDES Permit annual report, and the Illegal and Illicit Discharge Elimination (IDDE) control measures requirements:
- 1.5 The Health Department agrees through its regulations adopted by the Salt Lake County Board of Health, pursuant to Section 9.04.060 of the County Code of Ordinances, which contains procedures for the enforcement of violations through civil, administrative or criminal proceedings pending the severity of the violation, to help determine the severity of the enforcement of a violation.
- 1.6 The Health Department will initiate and assist Salt County Flood Control Engineering/Public Works Engineering in appropriate enforcement actions to compel compliance and pursue sanctions for violations that coincide with the County's UPDES Discharge Permit, UTS000001;
- 1.7 A courtesy copy of warning letters and Notice of Violations letters issued for stormwater discharges in unincorporated areas and municipalities served by the MSD, will be provided to the Watershed Section Manager in the Flood Control Engineering Office at 2001 S State Street #N3-120 Salt Lake City, Utah 84190;
- 1.8 The Health Department will participate in the County's Flood Control and Water Quality Management Planning Program designed to enhance and protect water quality by making an annual contribution of \$5,000.00 to the County Stormwater Coalition Education Campaigns;
- 1.9 The Health Department will provide household hazardous waste facilities to all citizens of incorporated municipalities and Unincorporated Salt Lake County. The household hazardous waste program allows for the public to dispose of leftover products that contain corrosive, toxic, ignitable, or reactive substances (such as antifreeze, batteries, paint, cleaners, oil, and pesticides). This includes services such as mailers, ads, collection events and ABOP disposal locations for antifreeze, batteries, oils and paint. Generators of (CESQG) are not allowed to dispose of hazardous waste at these facilities and must dispose of them at an approved landfill; Very Small Quantity Generator businesses (VSQGs) are allowed to dispose of certain hazardous wastes at household hazardous waste facilities for a fee;
- 1.10 The Health Department will help collaborate an Industrial Education Program for all municipalities of Salt Lake County, with a Stormwater Pollution Prevention Campaign and will assist Flood Control

Engineering/Public Works Engineering with any enforcement related to violations associated to the UPDES Permit UTS000001;

- 1.11 The Health Department will notify Salt Lake County Flood Control Engineering/Public Works Engineering of spills or responses in other cities that are adjacent to the boundary with unincorporated areas and municipalities served by the MSD on an annual basis, with immediate threats reported as identified.

2.0 Responsibility of the Greater Salt Lake Municipal Services District and Flood Control Engineering/Public Works Engineering Divisions

- 2.1 The County Flood Control Engineering/Public Works Engineering will report to the Health Department any incidents involving spills, releases or the discharge of pollutants, contaminants or wastes into the gutters and stormdrains including any evidence of spills discovered during routine Dry-Weather Screening within unincorporated areas and municipalities served by the MSD covered by the permit;
- 2.2 Incidents within the unincorporated areas and municipalities served by the MSD will be reported immediately to the Health Department 24 Hour Hot line at (801) 580-6681 or to (385) 468 -3862 during regular business hours;
- 2.3 Flood Control Engineering/Public Works Engineering offices shall participate with the Health Department in investigating or the enforcement action within unincorporated areas and municipalities served by the MSD initiated by the Health Department;
- 2.4 Participation shall include but not be limited to information regarding permits, stormwater systems and mapping, tracking spills or stormdrain systems, dye testing and recommendations for the extent of clean-up in the stormdrain system within unincorporated areas and municipalities served by the MSD;
- 2.5 The Greater Salt Lake Municipal Services District will handle the Stormwater Pollution Prevention Permitting approvals and enforcement in accordance with the UPDES permit within the unincorporated areas and municipalities served by the MSD per the existing contract. Planning and Development Services will follow-up on conditions identified during restaurant and other applicable inspections that may lead to stormwater violation. Follow-up reports will be sent to the Health Department to document correction of the violations within the unincorporated county and municipalities served by the MSD;

2.6 The Greater Salt Lake Municipal Services District shall manage the construction and post construction activities related to stormwater and the UPDES Permit including engineering controls. Related activities include but are not limited to plan approvals, installation and post construction inspections, management and maintenance of engineered controls within the unincorporated areas and municipalities served by the MSD;

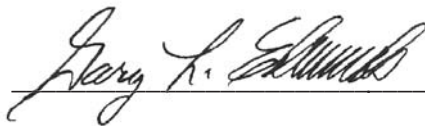

3.0 Coordination & Training

3.1 Representatives of the Parties will participate in the investigation and enforcement of the alleged violations of the Health Regulations and Rules within the unincorporated areas and municipalities served by the MSD. Ordinances to protect storm sewers and drains as required by the UPDES Stormwater Discharge Permit. In addition, the parties shall confer to determine an appropriate legal remedy on a case-by-case basis, including administrative, civil and criminal actions;

3.2 The Parties agree to pursue training resources with the goal of improving water quality, environmental enforcement, public awareness and compliance.

4.0 EFFECTIVE DATE

4.1 This M.O.U shall continue in effect until terminated by either party giving six (6) months written notice in advance to the other party's designated representative.

**Re: Letter of Understanding
Implementation of Salt Lake County Stormwater Management Plan**

WHEREAS, Salt Lake County is a co-permittee under the Utah Pollutant Discharge Elimination System Stormwater Discharge Permit issued to the Jordan Valley Municipalities on September 5, 2013 (the "UPDES Permit");

WHEREAS, the UPDES Permit requires the County to manage the discharge of storm water from: a) the municipal storm drain system servicing unincorporated Salt Lake County, and b) all Salt Lake County-owned and operated storm drainage facilities;

WHEREAS, the UPDES Permit also requires the County to develop and implement an operations and maintenance program for all County-owned or operated facilities, operations and structural storm water controls;

WHEREAS, the County has created a Stormwater Management Plan, which describes the County's storm water management practices, control techniques, system design and engineering methods, an educational component and other provisions to control pollutants and comply with the terms of the UPDES Permit;

WHEREAS, the terms of the UPDES Permit can only be met through an organized and cooperative effort between each of the undersigned County agencies; and

WHEREAS, the County Mayor's Office has designated the Flood Control Engineering Division as the lead agency to manage the UPDES Permit and coordinate the implementation of the County's Stormwater Management Plan.

NOW THEREFORE, the undersigned agencies of Salt Lake County acknowledge their respective roles under the UPDES Permit and the Stormwater Management Plan and hereby commit to implement the plan under the direction of the Flood Control Engineering Division.
