

Retirement Planning While Social Distancing

URS Individual Retirement Planning Sessions are now available through video conferencing or over the phone.

Meet one-on-one with a URS Retirement Planning Advisor for custom retirement guidance. The format will be identical to in-person sessions previously offered throughout the state.

We can answer questions and provide advice about your retirement benefits such as:

- » Which Tier 2 benefit should I choose?
- » How much should I save?
- » Which retirement savings plans (401(k), 457(b), IRA, Roth IRA) are right for me?
- » Which investments are right for me?
- » How much will my pension pay me in retirement?

Go to www.urs.org/us/counseling for more information about Individual Retirement Planning and how to sign up for a session.
